**ADMINISTRATION**

Jeff Roberts, Ed. D.	Superintendent
Ajit Kang	Director of Business Services

**ORGANIZATION**

The Plumas Lake Elementary School District (the “District”) is located in the southwest portion of Yuba County (the “County”) and includes a portion of the incorporated area of the City of Marysville, and a small portion of the town of Arboga, an adjacent unincorporated territory (no changes noted). The District may have been formed in 1860, and is located approximately 40 miles from downtown Sacramento, and about 85 miles from San Francisco. U.S. Highway 70 passes through the District and is a connector between Sacramento, Yuba and Butte Counties. U.S. Interstate 5, the principal north-south highway connecting the Pacific coastal states, is located approximately 25 miles west of the District. The District currently operates two elementary schools for grades K-5 and one intermediate school for grades 6-8.

## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Plumas Lake Elementary School District  
Plumas Lake, California

### REPORT ON THE FINANCIAL STATEMENTS

#### *Opinions*

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Plumas Lake Elementary School District, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise Plumas Lake Elementary School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Plumas Lake Elementary School District, as of June 30, 2023, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Plumas Lake Elementary School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

Plumas Lake Elementary School District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plumas Lake Elementary School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

RT DENNIS  
ACCOUNTANCY

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- ❖ Exercise professional judgment and maintain professional skepticism throughout the audit.
- ❖ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- ❖ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plumas Lake Elementary School District's internal control. Accordingly, no such opinion is expressed.
- ❖ Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- ❖ Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plumas Lake Elementary School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension schedules, and other postemployment schedules on pages 5–13 and 53–56, respectively, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Plumas Lake Elementary School District's basic financial statements. The following schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements:

Title 2 U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") requires a Schedule of Expenditures of Federal Awards ("SEFA").

*2022-23 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* requires:

- ❖ LEA Organization Structure
- ❖ Schedule of ADA
- ❖ Schedule of Instructional Time
- ❖ Schedule of Financial Trends and Analysis
- ❖ Reconciliation of Annual Financial and Budget Report with Audited Financial Statements
- ❖ Schedule of Charter Schools

The above listed schedules are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the above mentioned schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information Included in the Annual Financial Report***

Management is responsible for the other information in the Annual Financial Report. The other information comprises the Combining Statements of Non-Major Governmental Funds but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2023 on our consideration of Plumas Lake Elementary School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Plumas Lake Elementary School District's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### INTRODUCTION

This section of Plumas Lake Elementary School District's ( the District) annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2023. Please read it in conjunction with the District's financial statements, which immediately follow this section.

### FINANCIAL HIGHLIGHTS

- Total net position was \$27.5 million at June 30, 2023. This was an increase of \$4.6 million over the prior net position.
- Overall expenses were \$25.7 million, which was less than revenue of \$30.3 million.
- The net cost of the District's programs was \$13.5 million.
- The general fund reported an increase in fund balance this year of \$2.4 million, which included an increase in of revenue as well as LCFF/State Aid, State lottery funds as follows:
  - One-time money as well as various state funding increased.
  - Lottery per ADA increased

**OVERVIEW OF FINANCIAL STATEMENTS**

**Components of the Financials Section**

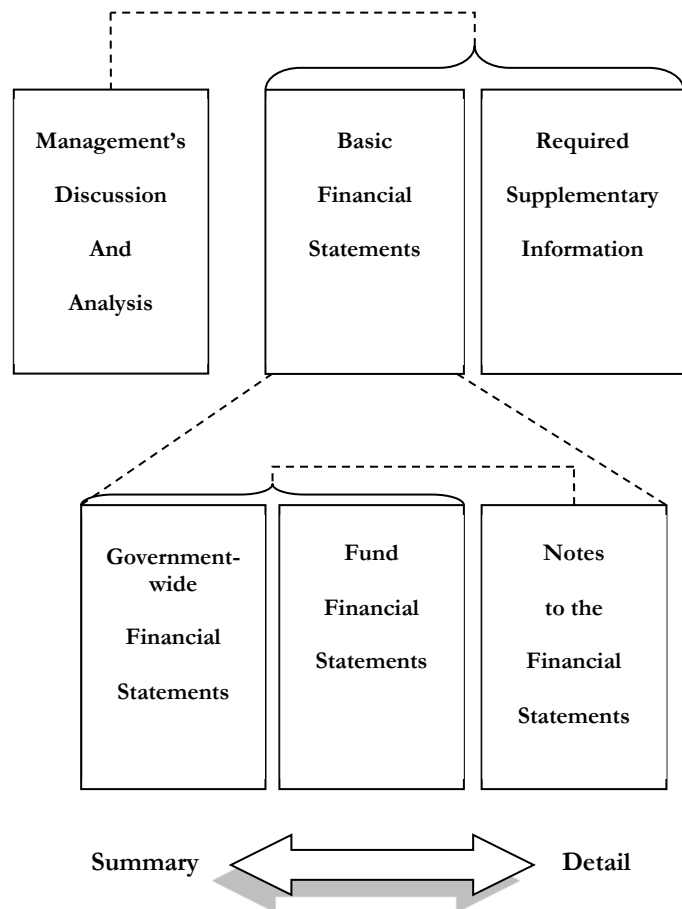

This annual report consists of four parts—*management’s discussion and analysis* (this section), the *basic financial statements*, and *required supplementary information*, and *supplementary information*. The basic financial statements include two kinds of statements that present different views of the District:

**Figure A-1  
 Required Components of Plumas Lake Elementary School District’s Annual Financial Report**

The first two statements are district-wide financial statements that provide both short-term and long-term information about the District’s overall financial status. The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District’s operations in more detail than the district-wide statements.

– The *governmental funds* statements tell how *general government* services like were financed in the *short term* as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the District’s budget for the year. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

The next page summarizes the major features of the District’s financial statements, including the portion of the District’s activities they cover and the types of information they contain. The remainder of this overview section of management’s discussion and analysis highlights the structure and contents of each of the statements.

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**MANAGEMENT’S DISCUSSION AND ANALYSIS, Continued**  
**JUNE 30, 2023**

---

**Major Features of Plumas Lake Elementary School District’s Government-wide and Fund Financial Statements**

	Government-wide Statements	Governmental Funds
Scope	Entire District government (except fiduciary funds) and the District’s component units	The activities of the District that are not fiduciary.
Required financial statements	<ul style="list-style-type: none"> <li>❖ Statement of net position</li> <li>❖ Statement of activities</li> </ul>	<ul style="list-style-type: none"> <li>❖ Balance sheet</li> <li>❖ Statement of revenues, expenditures, and changes in fund balances</li> </ul>
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter

**District-wide Statements.** The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District’s assets and liabilities. All of the current year’s revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District’s net position and how they have changed. Net position—the difference between the District’s assets and liabilities—are one way to measure the District’s financial health or position.

- ❖ Over time, increases or decreases in the District’s net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- ❖ To assess the overall health of the District, you need to consider additional nonfinancial factors such as changes in the District’s property tax base and the condition of school buildings and other facilities.

**Fund Financial Statements**

The fund financial statements provide more detailed information about the District’s funds, focusing on its most significant or “major” funds—not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- ❖ Some funds are required by State law and by bond covenants/Mello Roos.
- ❖ The District establishes other funds to control and manage money for particular purposes (like repaying its long-term debts) or to show that it is properly using certain revenues (like federal grants).

*Governmental funds*—Most of the District’s basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at yearend that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District’s programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information with the governmental funds statements that explains the relationship (or differences) between them.

PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT

MANAGEMENT’S DISCUSSION AND ANALYSIS, Continued  
 JUNE 30, 2023

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

**Net position.** The District’s net position increased on June 30, 2023. Most of this improvement in the District’s financial position came from construction in progress for addition of portables and modular at the elementary school sites. The District also purchased a vehicle, as special education transportation needs have increased.

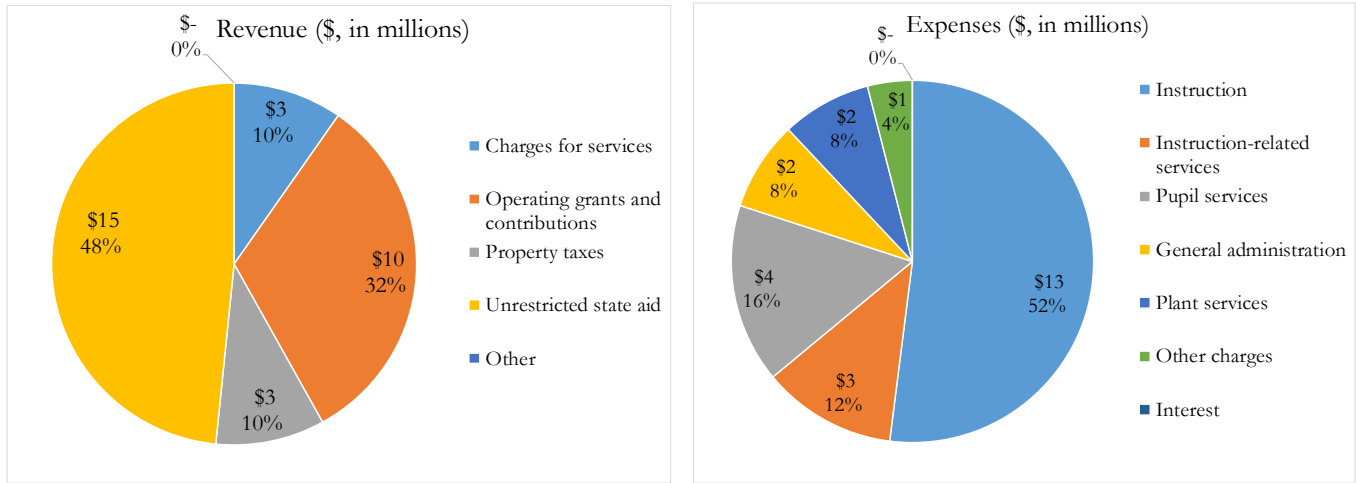

**Table 1 - Net Position**

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**MANAGEMENT’S DISCUSSION AND ANALYSIS, Continued**  
**JUNE 30, 2023**

**Governmental Activities**

Table 3 presents the cost of each of the District’s five largest programs—instruction and instruction related, student services, plant services—and all others, as well as each program’s *net cost* (total cost less fees generated by the activities and intergovernmental aid). The net cost shows the financial burden that was placed on the District’s taxpayers by each of these functions.

**Table 3 - Net Cost of Governmental Activity**

	Total Cost of Service		Net Cost of Services		
	(\$ Amounts in millions)		2023	2022	% Change
Instruction	\$ 13.4	\$ 8.8	\$ 7.6	\$ 6.8	12%

<b>Total</b>	<b>\$ 25.7</b>	<b>\$ 19.5</b>	<b>\$ 13.5</b>	<b>\$ 11.8</b>	<b>14%</b>

**FINANCIAL ANALYSIS OF THE DISTRICT’S FUNDS**

As the District completed the year, its governmental funds reported *combined* fund balances of \$18.6 million, above last year’s ending fund balances of \$14.1 million. The District saw an increase in one-time funding, such as the Arts, Music, and Instructional Materials Block Grant, Learning Recovery Emergency Block Grant, Kitchen Infrastructure & Training, and Universal Prekindergarten Implementation Grant.

**JUNE 30, 2023**

**General Fund Budgetary Highlights**

Over the course of the year, the School Board revised the District budget several times. These budget amendments fall into two categories:

- ❖ Revisions were made in August based on the enacted Budget Act and reflect adjustments for staffing, the Expanded Learning Opportunities Program, and other operating expenditures.
- ❖ Amendments and supplemental appropriations approved in December (First Interim) to reflect final staffing, carryover in Federal categorical funding, and local revenue and the actual beginning account balances (correcting the estimated amounts in the budget adopted in June 2022).
- ❖ Revision were made in January to reflect a 9.5 percent salary increase for certificated PLTA unit members.
- ❖ Revisions in the Second Interim are to account for the a 9.5 percent salary increase for certificated Administrative unit member and all classified CSEA, Classified Management and Confidential unit members.

Revisions were made in April to increase LCFF revenue based on an increase in average daily attendance (ADA) and to adjust for other operating expenditures.

## **PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

### **MANAGEMENT'S DISCUSSION AND ANALYSIS, Continued JUNE 30, 2023**

---

#### **FACTORS BEARING ON THE DISTRICT'S FUTURE**

At the time these financial statements were prepared and audited, the District was aware of several circumstances that could affect its future financial health.

- ❖ The District has experienced growth in enrollment in recent years, and will need a fourth school.
- ❖ The District used 2022-2023 P2 ADA to project revenue for the budget year; however, the District expects growth in the budget year.
- ❖ Public Employees Retirement System (PERS) employer contributions increased in the budget year and will increase in subsequent years as rates increase. The State did not provide relief in one-time funding to school districts, as has been the case in prior years.
- ❖ The State did provide a 8.22 percent COLA to the LCFF.

These indicators were taken into account when adopting the general fund budget for 2023-24.

Amounts available for appropriation in the General fund budget are \$23.6 million, a slight decrease of 4 percent over the 2022-23 General fund revenue of \$24.6 million. The District received about \$2.2 million in one-time funding in 2022-2023 that will be used in 2023-24 and subsequent years to maintain programs that were implemented in 2021-22.

Budgeted expenditures are expected to increase about 6.7 percent to \$23.6 million. The District has one-time funding to address student needs (learning loss, social-emotional needs, safety needs) in 2023-24. The District also has one-time expenditures in the 2023-24 budget that will not carry forward to subsequent years. District staff will continuously monitor the budget throughout the year and make adjustments accordingly.

#### **CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT**

The financial report is designed to provide our citizens, taxpayers, parents, participants, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for money it receives. If you have any questions about this report, or need additional financial information, contact Dr. Jeff Roberts, Superintendent or Ajit Kang, Director of Business Services, 2743 Plumas School Road, Plumas Lake, CA 95961, (530) 743-4428.

**RECONCILIATION OF THE GOVERNMENTAL FUNDS' BALANCE SHEETS TO THE  
STATEMENT OF NET POSITION  
JUNE 30, 2023**

---

*(\$ Amounts in thousands)*

**Total Fund Balance - Governmental Funds** \$ 18,551

Amounts reported for assets, deferred outflows of resources, liabilities, and deferred inflows of resources for governmental activities in the statement of net position are different from amounts reported in governmental funds because:

Capital assets:

In governmental funds, only current assets are reported. In the statement of net position, all assets are reported, including capital assets and accumulated depreciation:

Capital assets relating to governmental activities, at historical cost:	\$ 65,923	
Accumulated depreciation:	<u>(31,442)</u>	34,481

Unmatured interest on long-term debt:

In governmental funds, interest on long-term debt is not recognized until the period in which it matures and is paid. In the government-wide statement of activities, it is recognized in the period that it is incurred. The additional liability for unmaturing interest owing at the end of the period was:

(131)

The accompanying notes are an integral part of these financial statements.

**RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,  
EXPENDITURES, AND CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED JUNE 30, 2023**

---

*(\$ Amounts in thousands)*

**Net Change in Fund Balances - Governmental Funds** \$ 4,433

Amounts reported for governmental activities in the statement of activities are different from amounts reported in governmental funds because:

Capital outlay:

In governmental funds, the costs of capital assets are reported as expenditures in the period when the assets are acquired. In the statement of activities, costs of capital assets are allocated over their estimated useful lives as depreciation expense. The difference between capital outlay expenditures and depreciation expense for the period is:

Expenditures for capital outlay:	\$ 1,122	
Depreciation expense:	(2,047)	(925)

---

Debt service:

In governmental funds, repayments of long-term debt are reported as expenditures. In the government-wide statements, repayments of long-term debt are reported as reductions of liabilities. Expenditures for repayment of the principal portion of long-term debt were:

833

The accompanying notes are an integral part of these financial statements.

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,  
EXPENDITURES, AND CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES,  
Continued  
FOR THE YEAR ENDED JUNE 30, 2023**

---

Unmatured interest on long-term debt:

In governmental funds, interest on long-term debt is recognized in the period that it becomes due. In the government-wide statement of activities, it is recognized in the period it is incurred. Unmatured interest owing at the end of the period, less matured interest paid during the period but owing from the prior period, was: (42)

Compensated absences:

In governmental funds, compensated absences are measured by the amounts paid during the period. In the statement of activities, compensated absences are measured by the amount earned. The difference between compensated absences paid and compensated (146)

Pensions:

In government funds, pension costs are recognized when employer contributions are made. In the statement of activities, pension costs are recognized on the accrual basis. This year, the difference between accrual-basis pension costs and actual employer contributions was: 466

Postemployment benefits other than pensions ("OPEB"):

In governmental funds, OPEB costs are recognized when employer contributions are made. In the statement of activities, OPEB costs are recognized on the accrual basis. This year, the difference between OPEB costs and actual employer contributions was: 12

Amortization of debt issue premium or discount or deferred gain or loss from debt refunding:

In governmental funds, if debt is issued at a premium or at a discount, the premium or discount is recognized as an Other Financing Source or an Other Financing Use in the period it is incurred. In the government-wide statements, the premium or discount, plus any deferred gain or loss from debt refunding, is amortized as interest over the life of the debt. Amortization of debt issue premium or discount, or deferred gain or loss from debt refunding, for the period is: (12)

---

**Change in net position of Governmental Activities** \$ 4,619

---

The accompanying notes are an integral part of these financial statements.

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2023**

---

***NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***

**1 - A. Description of Financial Statements**

*Education Code* §41010 requires Plumas Lake Elementary School District, or a local educational agencies (“LEA”), to follow the definitions, instructions, and procedures in the California School Accounting Manual. The manual provides accounting policies and procedures, as well as guidance in implementing those policies and procedures, which include basis of accounting, revenue and expenditure recognition, fund types, types of transactions, methods of posting transactions, including adjusting entries, documentation required to substantiate certain transactions, year-end closing process, including the recording of accruals and deferrals.

**1 - B. Financial Reporting Entity**

The Plumas Lake Elementary School District was established in 1883, under the laws of the State of California. The District operates under a locally elected five-member Board form of government and provides educational services to grades K – 8 as mandated by the State and/or Federal agencies. A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments, and agencies that are not legally separate from the District. For Plumas Lake Elementary School District, this includes general operations, food service, and student related activities of the District.

**1 - C. Blended Component Unit**

Component units are legally separate organizations for which the District is financially accountable. Component units may also include organizations that are fiscally dependent on the District, in that the District approves their budget, the issuance of their debt or the levying of their taxes. In addition, component units are other legally separate organizations for which the District is not financially accountable but the nature and significance of the organization's relationship with the District is such that exclusion would cause the District's financial statements to be misleading or incomplete. For financial reporting purposes, the component units have a financial and operational relationship which meets the reporting entity definition criteria of the Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, and thus are included in the financial statements of the District. The component units, although legally separate entities, are reported in the financial statements using the blended presentation method as if they were part of the District's operations because the governing board of the component units is essentially the same as the governing board of the District and because their purpose is to finance the construction of facilities to be used for the direct benefit of the District.

The Plumas Lake Elementary School District 2016 Lease Financing Corporation (the “Corporation”) is a nonprofit, public benefit corporation, incorporated under the laws of the State of California. The Corporation was formed to provide financing assistance to the District for the construction and acquisition of major capital facilities. Upon completion of the subject transactions, the District intends to occupy the Corporation's facilities under a lease, purchase agreement effective through the year 2044. At the end of the lease term, title of the Corporation's property will pass to the District for no additional consideration. The financial activity for the Corporation is presented in the financial statements as the part of the Capital Facilities Fund.

The District has determined that Community Facilities District No. 1 and No. 2 meet the criteria as a component unit and therefore are presented in the Districts general-purpose financial statements. The Community Facilities Districts were established to issue Mello-Roos Bonds as described in Note 8 - B. The Community Facilities District is reported as Funds 49 and 52 and does not issue separate financial statements.

## PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT

### NOTES TO THE FINANCIAL STATEMENTS, Continued JUNE 30, 2023

---

#### 1 - D. Related Organizations

**Joint Powers Authority (“JPA”).** The District is associated with three JPAs. These organizations do not meet the criteria for inclusion as a component unit of the District. Additional information is presented in Note 13 to the financial statements. These organizations are, Tri-County Schools Insurance Group (TCSIG) and Schools Excess Liability Fund (SELF).

#### 1 - E. Basis of Presentation

**Government-Wide Statements.** The statement of net position and the statement of activities display information about the primary government (“the District”) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenue, and other non-exchange transactions.

The statement of activities presents a comparison between direct expenses and program revenue for each function of the District’s governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reserved for the statement of activities. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting of operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the District.

**Fund Financial Statements.** The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds. *Governmental funds* are used to account for activities that are governmental in nature. Governmental activities are typically tax-supported and include education of pupils, operation of food service and child development programs, construction and maintenance of school facilities, and repayment of long-term debt.

#### Major Governmental Funds

**General Fund.** This is the chief operating fund for all LEAs. It is used to account for the ordinary operations of an LEA. All transactions except those accounted for in another fund are accounted for in this fund.

**Capital Facilities Fund.** This fund is used primarily to account separately for moneys received from fees levied on developers or other agencies as a condition of approving a development (*Education Code* §17620–§17626). The authority for these levies may be county/city ordinances (*Government Code* §65970–§65981) or private agreements between the LEA and the developer. Interest earned in the Capital Facilities Fund (Fund 25) is restricted to that fund (*Government Code* §66006).

**Debt Service Fund for Blended Component Units.** This fund is used to account for the accumulation of resources for the payment of principal and interest on bonds issued by Mello-Roos Community Facilities Districts and similar entities that are considered blended component units of the LEA under generally accepted accounting principles (“GAAP”). The Mello-Roos Community Facilities Act of 1982 (*Government Code* §53311 et seq.) allows any county, city, special district, school district, or joint powers authority to establish, upon approval of two-thirds of the voters in the district, a "Community Facilities District" (“CFD”) for the purpose of selling tax-exempt bonds to finance public improvements and services.

## PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT

### NOTES TO THE FINANCIAL STATEMENTS, Continued JUNE 30, 2023

---

#### Non-Major Governmental Funds

**Special Revenue Funds** Special revenue funds are established to account for the proceeds from specific revenue sources (other than trusts, major capital projects, or debt service) that are restricted or committed to the financing of particular activities, that compose a substantial portion of the inflows of the fund, and that are reasonably expected to continue. Additional resources that are restricted, committed, or assigned to the purpose of the fund may also be reported in the fund.

**Student Activity Special Revenue Fund.** This fund may be used by authorizing LEAs to account separately for the associated student body (“ASB”) activities of LEA that would otherwise be reported in the authorizing LEA’s general fund. The student body accounts for the transactions of that entity in raising and expending money to promote the general welfare, morale, and educational experiences of the student body (*Education Code* §48930–§48938).

**Cafeteria Special Revenue Fund.** This fund is used to account separately for federal, state, and local resources to operate the food service program (*Education Code* §38090–§38093). The Cafeteria Special Revenue Fund (Fund 13) shall be used only for those expenditures authorized by the governing board as necessary for the operation of the LEA’s food service program (*Education Code* §38091 and §38100).

**Deferred Maintenance Fund.** This fund is used to account separately for revenues that are restricted or committed for deferred maintenance purposes (*Education Code* §17582).

**Capital Project Funds.** Capital project funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

**Special Reserve Fund for Capital Outlay Projects.** This fund exists primarily to provide for the accumulation of general fund moneys for capital outlay purposes (*Education Code* §42840). This fund may also be used to account for any other revenues specifically for capital projects that are not restricted to fund 21, 25, 30, 35, or 49. Other authorized resources that may be deposited to the Special Reserve Fund for Capital Outlay Projects (Fund 40) are proceeds from the sale or lease-with-option-to-purchase of real property (*Education Code* §17462) and rentals and leases of real property specifically authorized for deposit to the fund by the governing board (*Education Code* §41003).

**Capital Project Fund for Blended Component Units.** This fund is used to account for capital projects financed by Mello-Roos Community Facilities Districts and similar entities that are considered blended component units of the LEA under generally accepted accounting principles (GAAP). The Mello-Roos Community Facilities Act of 1982 (*Government Code* §53311 et seq.) allows any county, city, special district, school district, or joint powers authority to establish, upon approval of two-thirds of the voters in the district, a "Community Facilities District" (“CFD”) for the purpose of selling tax-exempt bonds to finance public improvements and services.

#### 1 - F. Basis of Accounting – Measurement Focus

**Government-Wide Financial Statements.** The government-wide financial statements are reported using the economic resources measurement focus. The government-wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Net Position should be reported as restricted when constraints placed on net position use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net position restricted for other activities result from special revenue funds and the restrictions on their net position use.

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

---

**Governmental Funds.** Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within one year after year-end. All other revenue items are considered to be measurable and available only when the District receives cash. Local Control Funding Formula (“LCFF”), property taxes, and grant awards are recorded the same as what is described for Government-Wide Statements. Expenditures generally are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, early retirement and postemployment healthcare benefits and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

**Eliminating Internal Activity.** Transactions between funds that would be treated as revenues, expenditures, or expenses if they involve entities external to the District are accounted for as revenues, expenditures, or expenses in the funds. At year-end, outstanding balances between funds are reported in the fund financial statements. Amounts reported in the funds as Due to or Due from Other Funds are eliminated in the governmental columns of the statement of net position.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements. Interfund transfers are eliminated in the governmental activities columns of the statement of activities.

**Estimates.** The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**1 - G. Assets, Liabilities, and Net Position and Fund Balances**

**Deposits and Investments.** The cash balances of substantially all funds are pooled and invested by the Yuba County Treasurer for the purpose of increasing earnings through investment activities. The pool's investments are reported at fair value at June 30, 2023, based on market prices. The individual funds' portions of the pool's fair value are presented as "Cash in County." Earnings on cash in county are apportioned and paid or credited to the funds quarterly based on the average daily balance of each participating fund.

**Fair Value.** The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

**Acquisition Value.** The price that would be paid to acquire an asset with equivalent service potential in an orderly market transaction at the acquisition date, or the amount at which a liability could be liquidated with the counterparty at the acquisition date.

**Prepaid Items.** Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

---

**Capital Assets.** Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair value at the date of donation. The District maintains a capitalization threshold of \$20,000. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Depreciation of capital assets is computed and recorded by the straight-line method over the following estimated useful life:

<u>Asset Class</u>	<u>Estimated Useful Life</u>
Buildings	31
Site Improvements	20 – 30
Equipment	5 – 10

**Interfund Balances.** On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "Due from other funds/Due to other funds." These amounts are eliminated in the governmental activities columns of the statement of net position.

**Accrued Liabilities and Long-Term Obligations.** All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases, and long-term loans are recognized as liabilities in the governmental fund financial statements when due.

**Compensated Absences.** Accumulated unpaid employee vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide financial statements. The current portion of the liability is not reported separately.

**Pensions.** For purposes of measuring the net pension liabilities, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expenses, information about the fiduciary net positions of both the California State Teacher's Retirement System ("CalSTRS") and California Public Employee Retirement System ("CalPERS") and additions to/deductions from CalSTRS' and CalPERS' fiduciary net positions have been determined on the same basis as they are reported by CalSTRS and CalPERS, respectively. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Fund Balance.** Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

*Nonspendable* – The portion of fund balance reflecting assets not in spendable form, either because they will never convert to cash (such as prepaid items) or must remain intact pursuant to legal or contractual requirements (such as the revolving account or principal of a permanent endowment).

*Restricted* – The portion of fund balance representing resources subject to legally enforceable constraints externally imposed either by resource providers (e.g., grantors or creditors) or by law through constitutional provisions or enabling legislation.

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

---

*Committed* – The portion of fund balance representing resources whose use is constrained by limitations self-imposed by the LEA through formal action of its highest level of decision-making authority. The constraints can be modified or removed only through the same process by which they were imposed. The action imposing the constraint must be made by the end of the reporting period. The actual amounts may be determined at a later date, prior to the issuance of the financial statements.

*Assigned* – The portion of fund balance representing resources that are intended to be used for specific purposes but for which the constraints do not meet the criteria to be reported as restricted or committed. Intent may be established either by the LEA’s highest level of decision-making authority or by a designated body or official. Constraints giving rise to assigned fund balance may be imposed at any time before the financial statements are issued. The constraints may be modified or removed by a process less formal than is required to remove constraints that give rise to committed fund balance. In governmental fund types other than the general fund, this is the residual fund balance classification.

*Unassigned* – In the general fund, residual fund balance in excess of amounts reported in the nonspendable, restricted, committed, or assigned fund balance classifications and net of Reserve for Economic Uncertainties. In all governmental funds including the general fund, the excess of nonspendable, restricted, and committed fund balance over total fund balance (deficits). Assigned amounts must be reduced or eliminated if a deficit exists.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**Net Position.** Net Position represents the difference of assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net Position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. The District has related debt outstanding as of June 30, 2023. Net Position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available. The district-wide financial statements report \$13.7 million of restricted net position.

**1 - H. Revenues, Expenditures/Expense**

**Revenues – Exchange and Non-Exchange Transactions.** The LCFF and other state apportionments are government mandated non-exchange transactions and are recognized when all eligibility requirements have been met. When the annual calculation of the LCFF is made and the District's actual tax receipts, as reported by the county auditor, is subtracted the result determines the annual state aid to which the LEA is entitled. If the difference between the calculated annual state aid and the state aid received on the second principal apportionment is positive a receivable is recorded, and if it is negative a payable is recorded.

The District recognizes property tax revenues actually received as reported on California Department of Education (“CDE”)’s Principal Apportionment Data Collection Software, used by county offices of education and county auditors to report school district and county taxes. The District makes no accrual for property taxes receivable as of June 30.

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

---

The District receives grant awards that are "reimbursement type" or "expenditure driven." The eligibility requirements of these awards have not been met until the LEA has made the required expenditures of the grant within the time period specified by the grantor. Revenue is recognized in the period in which the qualifying expenditures are made. Cash received but unspent at the end of the fiscal period is booked as a liability, and revenue is reduced to the amount that has been expended.

The District also receives funds for which they have fulfilled specific eligibility requirements or have provided a particular service. Once the LEAs have provided these services, they have earned the revenue provided. Any unspent money may be carried to the next year to be expended for the same restricted purposes. Revenue is recognized in the period that the service is provided, and any carryover becomes a part of the LEA's ending fund balance.

**Unearned Revenue.** Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrance of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the combined balance sheet and revenue is recognized.

Certain grants received that have not met eligibility requirements are recorded as unearned revenue. On the governmental fund financial statements, receivables that will not be collected within the available period are also recorded as unearned revenue.

**Expenses/Expenditures.** On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Principal and interest on long-term obligations, which has not matured, are recognized when paid in the governmental funds. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

**Investment in County Treasury.** The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* §41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

**2 - C. Cash Deposits**

*Custodial Credit Risk.* There is a risk that, in the event of a bank failure, the District's deposits may not be returned. The District's deposit policy requires that all deposits are covered by the Federal Depository Insurance Corporation ("FDIC") or are collateralized as required by Statutes of the State. As of June 30, 2023, the bank balances totaled \$74,884, all of which was insured through the FDIC.

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

**8 - B. Mello Roos Special Tax Bonded Debt**

In March of 2022 the District's CFD Nos. 1 & 2 refinanced the previously refinanced bonds. The difference in cash flow requirements between these two issues is a reduction of \$342,772 for CFD #1 and \$102,413 for SFD #2. This resulted in an economic loss, however, of \$84,000 which will be amortized over the life of the bonds.

Issue Date	Maturity Date	Interest Rate	Original Issue	Bonds		Bonds	
				Outstanding June 30, 2022	Redeemed	Outstanding June 30, 2023	
2022	2035	2.12%	\$ 2,979	\$ 2,979	\$ 191	\$ 2,788	
2022	2035	2.12%	887	887	54	833	
				\$ 3,866	\$ 245	\$ 3,621	

The bonds mature through 2036 as follows:

Year Ending June 30,	CFD #1		CFD #2		Total

<b>Totals</b>	<b>\$ 7,834</b>	<b>\$ 2,003</b>	<b>\$ 9,837</b>

**8 - F. Leases Payable**

On September 1, 2016, the District entered into a site lease agreement with the Public Property Financing Corporation of California (the Corporation) to fund the District’s solar projects. The District is leasing District sites to the Corporation. During the lease, the corporation is providing site improvement which consist of solar panels and any construction needed (in association with the solar panels) at the three school sites. The capital lease has been funded by Clean Renewable Energy Bonds that were issued for \$2,194,000, with an annual interest rate of 3.33%. The bond debt service payments is the same schedule as the capital lease payment schedule.

In June 2021 the District entered into a five year lease agreement to lease eight copiers, for \$94,000 with a 2.18% annual interest rate.

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

The lease payment schedules are as follows:

Year Ending June 30,	Solar Panels		Copiers		Totals
	Principal	Interest	Principal	Interest	
2024	\$ 113	\$ 54	\$ 19	\$ 1	\$ 187
2025	120	50	19	1	190
2026	126	46	19	0	191
2027	133	42	2	0	177
2028	140	37	-	-	177
2029 - 2033	820	108	-	-	928
2034 - 2038	189	5	-	-	194
<b>Totals</b>	<b>\$ 1,641</b>	<b>\$ 342</b>	<b>\$ 59</b>	<b>\$ 2</b>	<b>\$ 2,044</b>

**8 - G. Plumas Lake Owner’s Group**

The District’s development of the Rio Del Oro Elementary School was funded in part by the Plumas Lake Owners Group (PLOG). Upon completion of the school site, the District acquired a liability in the amount of \$7,014,232. The payment terms of the liability are that the District makes payments if there is adequate cash flow in the Capital Facilities Fund from developer fees. This liability is non-interest bearing. The District did not make any payments during the 2021-22 year. The outstanding liability at June 30, 2023 is \$2,673,000.

**NOTE 9 – DEFINED BENEFIT PENSIONS**

**9 - A. CalSTRS**

**Plan Description.** CalSTRS administers a hybrid retirement system consisting of a defined benefit plan, two defined contribution plans, a postemployment benefit plan, and a fund used to account for ancillary activities associated with various deferred compensation plans and programs:

- ❖ State Teachers’ Retirement Plan (“STRP”)
- ❖ CalSTRS Pension 2
  - 403(b) plan
  - 457(b) plan
- ❖ Medicare Premium Payment (“MPP”) Program
- ❖ Teachers’ Deferred Compensation Fund (“TDCF”)

CalSTRS provides pension benefits, including disability and survivor benefits, to California full-time and part-time public school teachers from pre-kindergarten through community college and certain other employees of the public school system. The Teachers’ Retirement Law (California *Education Code* § 22000 et seq.), as enacted and amended by the California Legislature, established these plans and CalSTRS as the administrator. The terms of the plans may be amended through legislation.

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

---

The STRP is a multiple employer, cost-sharing defined benefit plan comprised of four programs: Defined Benefit (“DB”) Program, Defined Benefit Supplement (“DBS”) Program, Cash Balance Benefit (“CBB”) Program, and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the state is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and nonemployer contributing entity to the STRP. CalSTRS issues a publicly available financial report that can be obtained at <https://www.calpers.ca.gov/docs/forms-publications/acfr-2023.pdf>.

**Benefits Provided.** The STRP DB Program is based on a formula set by law using your age, service credit and final compensation:

- ❖ CalSTRS 2% at 60: Members first hired on or before December 31, 2012. At age 50 with at least 30 years of service credit or age 55 with five years of service credit.
- ❖ CalSTRS 2% at 62: Members first hired on or after January 1, 2013, At age 55 with at least five years of service.

The 2% refers to the percentage of your final compensation that you’ll receive as a retirement benefit for every year of service credit, also known as the age factor. Other differences between the two benefit structures are final compensation, age factors, normal retirement age, creditable compensation cap and contribution rate. In addition, 2% at 62 members aren’t eligible for benefit enhancements, the Reduced Benefit Election or the CalSTRS Replacement Benefits Program.

**Member’s Contribution Rates:**

Effective Date	2% at 60 Members	2 % at 62 Members
July 1, 2016	10.25%	10.205%

**Employer’s Contribution Rates:**

Effective date	Base rate	Supplemental rate per CalSTRS Funding Plan	Rate adjustment per special legislation	Total rate
July 1, 2021	8.250%	10.850%	(2.180%)	16.920%
July 1, 2022 – June 30, 2046	8.250%	10.850%	N/A	19.100%
July 1, 2046	8.250%	<sup>1</sup>	N/A	<sup>1</sup>

<sup>1</sup> The CalSTRS Funding Plan authorizes the board to adjust the employer contribution rate up or down by up to 1% each year, but no higher than 20.25% and no lower than 8.25%.

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

**State’s Contribution Rates:**

<b>Effective date</b>	<b>Base rate</b>	<b>Supplemental rate per CalSTRS Funding Plan</b>	<b>SBMA funding<sup>1</sup></b>	<b>Total</b>
July 1, 2022	2.017%	6.311%	2.500%	10.828%
July 1, 2023 – June 30, 2046	2.017%	2	2.500%	2
July 1, 2046	2.017%	3	2.500%	3

<sup>1</sup> The SBMA contribution rate excludes the \$72 million that is reduced from the required contribution in accordance with Education Code §22954.

<sup>2</sup> The board has limited authority to adjust state contribution rates annually through June 2046 in order to eliminate the remaining unfunded actuarial obligation. The board cannot increase the rate by more than 0.5% in a fiscal year, and if there is no unfunded actuarial obligation, supplemental contribution rate imposed would be reduced to 0%.

<sup>3</sup> From July 1, 2046, and thereafter, the rates in effect prior to July 1, 2014, are reinstated, if necessary, to address any remaining unfunded actuarial obligation.

**STRP Contributions for DBS Program.** For creditable service performed by DB Program members in excess of one year of service credit within one fiscal year, member contributions of either 8% (CalSTRS 2% at 60 members) or 9% (CalSTRS 2% at 62 members) and employer contributions of 8% are credited to the members’ nominal DBS Program accounts (up to any applicable compensation cap). For CalSTRS 2% at 60 members only, member contributions of 8% and employer contributions of 8% for compensation as a result of limited-term payments or compensation determined to have been paid to enhance their DB Program benefits are also credited to DBS Program accounts.

**STRP Contributions for CBB Program.** Employers contribute 4.0% of applicable CBB Program participant salaries. Additionally, employers may enter into a collective bargaining agreement to pay different rates if certain minimum conditions are met.

Contributions to the pension plan from the District was \$1,734,000 for the year ended June 30, 2023

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2023, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

	<i>(\$ Amounts in thousands)</i>	
District's proportionate share of the net pension liability	\$	8,590
State's proportionate share of the net pension liability associated with the District		2,875
<b>Total</b>	<b>\$</b>	<b>11,465</b>

The total pension liability for the STRP was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2021, and rolling forward the total pension liability to June 30, 2022. At June 30, 2023 the District’s proportion was as follows:

	<u>Jun. 30, 2022</u>	<u>Jun. 30, 2021</u>	<u>Difference</u>
Net Pension Liability Allocation Basis	0.0001236	0.0001218	0.0000018

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

For the year ended June 30, 2023, the District recognized pension expense of \$1,020,000 and revenue of \$690,000 for support provided by the State. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	<i>(\$ Amounts in thousands)</i>	
Differences between expected and actual experience	\$ -	\$ 637
Changes of assumptions	426	-
Net difference between projected and actual earnings on pension plan investments	-	420
Changes in proportion and differences between District contributions and and proportionate share of contributions	1,277	-
District contributions subsequent to the measurement date	1,735	-
<b>Total</b>	<b>\$ 3,438</b>	<b>\$ 1,057</b>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	<i>(\$ Amounts in thousands)</i>	
2024	\$ 2,469	\$ 442
2025	323	475
2026	285	640
2027	245	(619)
2028	105	89
2029	11	30
<b>Total</b>	<b>\$ 3,438</b>	<b>\$ 1,057</b>

**Actuarial Assumptions and Discount Rate Information**

**Actuarial Assumptions.** Significant actuarial methods and assumptions used in the financial reporting actuarial valuation to determine the total pension liability as of June 30, 2022, include:

Valuation Date	June 30, 2021
Experience Study	July 1, 2015 – June 30, 2018
Actuarial Cost Method	Entry age normal
Investment Rate of Return <sup>3</sup>	7.10%
Consumer Price Inflation	2.75%
Wage Growth	3.50%
Post-retirement Benefit Increases	2% simple for DB (annually) Maintain 85% purchasing power level for DB Not applicable for DBS/CBB

<sup>1</sup> Net of investment expenses, but gross of administrative expenses.

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

**Discount Rate.** The discount rate used to measure the total pension liability was 7.10%, which was unchanged from prior fiscal year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers are made at statutory contribution rates in accordance with the rate increases as disclosed previously. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return of 7.10% and assume that contributions, benefit payments and administrative expenses occur midyear. Based on those assumptions, the STRP’s fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term investment rate of return assumption was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best-estimate ranges were developed using capital market assumptions from CalSTRS investment staff and investment consultants as inputs to the process.

The actuarial investment rate of return assumption was adopted by the board in January 2020 in conjunction with the most recent experience study. For each current and future valuation, CalSTRS’ independent consulting actuary (Milliman) reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of expected 20-year geometrically linked real rates of return and the assumed asset allocation for each major asset class as of June 30, 2021, are summarized in the following table:

<b>Asset Class</b>	<b>Assumed Asset Allocation</b>	<b>Long-Term Expected Rate of Return <sup>1</sup></b>
Public Equity	42.0%	4.8%
Real Estate	15.0%	3.6%
Private Equity	13.0%	6.3%
Fixed Income	12.0%	1.3%
Risk Mitigating Strategies	10.0%	1.8%
Inflation Sensitive	6.0%	3.3%
Cash/Liquidity	2.0%	(0.4%)

<sup>1</sup> 20-years average

**Sensitivity of the District’s proportionate share of the net pension liability to changes in the discount rate.** Presented below is the net pension liability of employer using the current discount rate of 7.10%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

	<b>Current</b>		
	<b>1% Decrease</b>	<b>Discount Rate</b>	<b>1% Increase</b>
	<b>(6.10%)</b>	<b>(7.10%)</b>	<b>(8.10%)</b>
District's proportionate share of the net pension liability	\$ 14,588	\$ 8,590	\$ 3,609

(*\$ Amounts in thousands*)

**Pension plan fiduciary net position.** Detailed information about the pension plan’s fiduciary net position is available in the separately issued CalSTRS financial report. The components of the net pension liability (NPL) of the STRP for participating employers and the state (nonemployer contributing entity), are as follows (*\$ in millions*):

Total Pension Liability	\$ 369,542
Less: STRP Fiduciary Net Position	300,056
NPL of Employers and the State of California	\$ 69,486
STRP Fiduciary Net Position as a % of the Total Pension Liability	81.2%

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

---

**9 - B. Cal PERS**

**Plan Description.** The Schools Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (the Plan or PERF B) is administered by the California Public Employees’ Retirement System (CalPERS or the System). Plan membership consists of nonteaching and noncertified employees of public schools (K-12), community college districts, offices of education, charter and private schools (elective) in the State of California. The Plan excludes school safety members who participate either in the agent multiple-employer defined benefit pension plan or the public agency cost-sharing multiple-employer defined benefit pension plan administered by CalPERS, depending on the number of active members.

The Plan was established to provide retirement, death and disability benefits to nonteaching and noncertified employees in schools. The benefit provisions for Plan employees are established by statute. CalPERS issues a publicly available financial report that can be obtained at <https://www.calpers.ca.gov/docs/forms-publications/cafr-2023.pdf>.

**Benefits Provided.** The Service Retirement benefit is a monthly allowance equal to the product of benefit factor, years of service, and final compensation.

- ❖ The *benefit factor* for classic members comes from the 2% at 55 benefit factor table. PEPRA members hired on or after January 1, 2013 are subject to the 2% at 62 benefit factor table.
- ❖ The *years of service* is the amount credited by CalPERS to a member while he or she is employed in this group (or for other periods that are recognized under the employer’s contract with CalPERS). For a member who has earned service with multiple CalPERS employers, the benefit from each employer is calculated separately according to each employer’s contract, and then added together for the total allowance. Any unused sick leave accumulated at the time of retirement will be converted to credited service at the rate of 0.004 years of service for each day of sick leave.
- ❖ The *final compensation* is the monthly average of the member’s highest 12 consecutive months’ full-time equivalent monthly pay (no matter which CalPERS employer paid this compensation). For new PEPRA members hired after January 1, 2013 final compensation is based on the monthly average of the member’s highest 36 consecutive months’ full-time equivalent monthly pay. PEPRA members have a cap on the annual salary that can be used to calculate final compensation for all new members based on the Social Security Contribution and Benefit Base.
- ❖ The employees in this plan may or may not be covered by Social Security. For employees with service prior to January 1, 2001 covered by Social Security, the final compensation is offset by \$133.33 (or by one-third if, the final compensation is less than \$400). For PEPRA members, the final compensation is not offset.

**Contributions.** CalPERS required employer contributions to be 25.37% of payroll. The report also reported an employee contribution rate of 7.0% for classic and PEPRA. Contributions to the pension plan from the District was \$946,000 for the year ended June 30, 2023

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The collective total pension liability for the June 30, 2022 measurement period was determined by an actuarial valuation as of June 30, 2021, with update procedures used to roll forward the total pension liability to June 30, 2022. At, the District reported a liability of \$6,255,000 for its proportionate share of the net pension liability. At June 30, 2023,, the District’s proportion was as follows:

	<u>Jun. 30, 2022</u>	<u>Jun. 30, 2021</u>	<u>Difference</u>
Net Pension Liability Allocation Basis	0.0001818	0.0001700	0.0000119

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

For the year ended June 30, 2023,, the District recognized pension expense of \$1,194,000. At June 30, 2023, , the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<i>(\$ Amounts in thousands)</i>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ -	\$ 127
Changes of assumptions	463	-
Net difference between projected and actual earnings on pension plan investments	739	-
Changes in proportion and differences between District contributions and proportionate share of contributions	596	-
District contributions subsequent to the measurement date	946	-
<b>Total</b>	<b>\$ 2,744</b>	<b>\$ 127</b>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<i>(\$ Amounts in thousands)</i>		
<b>Year ended June 30,</b>		
2024	\$ 1,543	\$ 28
2025	495	52
2026	256	47
2027	450	-
<b>Total</b>	<b>\$ 2,744</b>	<b>\$ 127</b>

**Actuarial Methods, Assumptions, and Discount Rate Information**

**Actuarial Methods and Assumptions.** The collective total pension liability was based on the following assumptions:

Investment rate of return	6.90%
Inflation	2.30%
Salary increases	Varies by Entry Age and Service
Mortality Rate Table <sup>1</sup>	Derived using CalPERS membership data for all funds
Post-Retirement Benefit Increase	2.0% until Purchasing Power Protection Allowance Floor on purchasing power applies, 2.30% thereafter

<sup>1</sup>The mortality table was developed based on CalPERS-specific data. The rates incorporate Generational Mortality to capture ongoing mortality improvement using 80% of Scale MP 2020 published by the Society of Actuaries. For more details, please refer to the 2021 experience study report that can be found on the CalPERS website

**Long-term Expected Rate of Return.** The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The expected real rates of return by asset class are as followed:

<b>Asset Class<sup>1</sup></b>	<b>Assumed Asset Allocation</b>	<b>Real Return Years 1 – 10<sup>1,2</sup></b>
Global Equity - cap-weighted	30.00 %	4.45 %
Global Equity non-cap-weighted	12.00	3.84
Private Equity	13.00	7.28
Treasury	5.00	0.27
Mortgage-backed Securities	5.00	0.50
Investment Grade Corporates	10.00	1.56
High Yield	5.00	2.27
Emerging Market Debt	5.00	2.48
Private Debt	5.00	3.57
Real Assets	15.00	3.21
Leverage	(5.00)	(0.59)

<sup>1</sup>An expected inflation of 2.30% used for this period.

<sup>2</sup>Figures are based on the 2021-22 Asset Liability Management study

**Discount Rate.** The discount rate used to measure the total pension liability for PERF B was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability..

**Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate.**

The following presents the collective net pension liability calculated using a discount rate of 6.90%, as well as what the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.90%) or 1-percentage-point higher (7.90%) than the current rate:

	<b>Current</b>		
	<b>1% Decrease</b>	<b>Discount Rate</b>	<b>1% Increase</b>
<i>(\$ Amounts in thousands)</i>	<b>(5.90%)</b>	<b>(6.90%)</b>	<b>(7.90%)</b>
District's proportionate share of the net pension liability	\$ 9,037	\$ 6,255	\$ 3,958

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

**Pension Plan Fiduciary Net Position.** Detailed information about the pension plan’s fiduciary net position is available in the separately issued CalPERS Comprehensive Annual Financial Report. The components of the employers’ collective net pension liability related to the Plan as of June 30, 2021 (*\$ in thousands*):

Total pension liability	\$113,794,594
Less:	
Plan fiduciary net position	79,385,509
<b>Net Pension Liability of Employers</b>	<b>\$ 34,409,085</b>
Fiduciary Net Position as a % of the Total Pension Liability	69.76%

**NOTE 10 – POSTEMPLOYMENT HEALTHCARE PLAN (Cal STRS)**

**Plan Description.** CalSTRS administers a postemployment benefit plan Medicare Premium Payment (“MPP”) Program. The MPP Program is a cost-sharing multiple-employer other postemployment benefit plan (“OPEB”) established pursuant to Chapter 1032, Statutes 2000 (SB 1435). CalSTRS administers the MPP Program through the Teachers’ Health Benefits Fund (“THBF”).

**Benefits Provided.** The MPP Program pays Medicare Part A premiums and Medicare Parts A and B late enrollment surcharges for eligible members of the STRP DB Program who were retired or began receiving a disability allowance prior to July 1, 2012 and were not eligible for premium free Medicare Part A.

**Contributions.** The MPP Program is funded on a pay-as-you go basis from a portion of monthly contributions, by Districts in the retirement system. In accordance with California *Education Code* §25930, contributions that would otherwise be credited to the DB Program each month are instead credited to the MPP Program to fund monthly program and administrative costs. Total redirections to the MPP Program are monitored to ensure that total incurred costs do not exceed the amount initially identified as the cost of the program. Total contributions directed to the MPP Program for year 2021-22 was \$26.4 million. The MPP Program contributions generally being made at the same time and in the same amount as benefit payments and expenses coming due. Any funds within the MPP Program as of June 30, 2022, were to manage differences between estimated and actual amounts to be paid and were invested in the Surplus Money Investment Fund, which is a pooled investment program administered by the California State Treasurer.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

The calculations contained in this analysis have been performed using the results of the June 30, 2021 Medicare Premium Payment (MPP) Program actuarial funding, with certain revisions to assumptions as required by GASB 74 and 75 and described later in this report. The liabilities have been projected to June 30, 2022 and combined with the actual Teachers’ Health Benefit Fund (THBF) assets of June 30, 2022.

At June 30, 2023, the District reported a liability of \$61,000 for its proportionate share of the net OPEB liability. The District’s proportion was as follows:

	<u>Jun. 30, 2022</u>	<u>Jun. 30, 2021</u>	<u>Difference</u>
Net OPEB Liability Allocation Basis	0.0001855	0.0001831	0.0000024

For the year ended June 30, 2023, the District recognized pension expense of (\$12,000).

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

**Actuarial Methods, Assumptions, and Discount Rate Information**

**Actuarial Methods and Assumptions.**

The total OPEB liability was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below, and was then projected forward to the measurement date.

Valuation Date	June 30, 2021
Measurement Date	June 30, 2022
Actuarial Cost Method	Individual Entry age
Inflation	2.75%
Discount Rate	3.54%
Medicare Part A and B Premium Costs Trend Rate	See Medicare Costs Trend Rate

**Discount Rate.** The MPP Program benefits are effectively funded on a pay-as-you-go basis through the THBF. As the THBF has effectively been depleted as of the measurement date, the discount rate has been set to the municipal bond index because the expected long-term rate of return of the invested assets is not expected to be materially better than the municipal bond index rate. We have used a discount rate of 3.54% for June 30, 2022. The discount rates are based on the municipal bond index previously discussed.

**Medicare costs trend rate.** The June 30, 2019, valuation uses the 2020 Medicare Part A and Part B premiums as the basis for future premium calculations. Future premiums are assumed to increase with a medical trend rate that varies by year, as shown in the following table:

Years <sup>1</sup>	Assumed Annual Increase	
	Part A	Part B
2019 – 2028	4.3%	5.5%
2029 – 2038	5.0%	5.1%
2039 – 2048	4.9%	4.5%
2019 & Later	4.3%	4.4%

<sup>1</sup> Trend rates indicate medical inflation in the specific year and therefore affect the premiums for the following year. For example, the projected 2022-2023 premium is the 2021-2022 premium increased by the assumed 2021-2022 trend rate.

**Sensitivity of the District’s Proportionate Share of the Net OPEB Liability to Changes in the Discount Rates.**

Presented below is the net OPEB liability of employers using the current discount rate as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

	1% Decrease	Discount Rate	1% Increase
	(2.54%)	(3.54%)	(4.54%)
District's proportionate share of the net OPEB liability	\$ 67	\$ 61	\$ 56

**Sensitivity of the District’s Proportionate Share of the Net OPEB Liability to Changes in the Medicare Cost Trend Rates.**

Presented below is the net OPEB liability of employers using the current Medicare costs trend rates, as well as what the net OPEB liability would be if it were calculated using Medicare costs trend rates that are 1% lower and 1% higher than the current rate:

	Medicare Costs		
	1% Decrease	Trend Rate	1% Increase
District's proportionate share of the net OPEB liability	\$ 56	\$ 61	\$ 67

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

The District is committed to maintaining a prudent level of financial resources to protect against the need to reduce service levels because of temporary revenue shortfalls or unpredicted expenditures. The District’s Minimum Fund Balance Policy requires a Reserve for Economic Uncertainties, consisting of unassigned amounts, equal to no less than two months of general fund operating expenditures, or 17 percent of General Fund expenditures and other financing uses.

**PLUMAS LAKE ELEMENTARY SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS, Continued**  
**JUNE 30, 2023**

---

***NOTE 12 – PARTICIPATION IN A JOINT POWERS AUTHORITY***

The District is a member of two joint powers authorities (“JPAs”). The first is the Tri-County Schools Insurance Group (“TCSIG”) to provide health, dental, vision, and life insurance, to the District’s certificated and classified employees. Additionally, TCSIG provides property and liability insurance up to \$5,000,000 and provides workers’ compensation insurance. The second is the School Excess Liability Fund (“SELF”) to provide liability and property insurance in excess of \$5,000,000. The relationships are such that the JPAs are not component units of the District for financial reporting purposes.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the District are included in these financial statements. Audited financial statements are available from the respective entities.

During the year ended, June 30, 2023 the District made payments of \$1,739,779 (Health, Dental, Vision), \$202,200 (Workers’ Comp), \$29,775 and \$346,741 to SELF and TCSIG, respectively.

<b>AVERAGE DAILY ATTENDANCE AT P-2</b>	<b>1,459</b>	<b>1,459</b>	<b>1,341</b>	<b>1,323</b>

The General Fund balance has increased by \$2,516,885 over the past two years. The fiscal year 2023-24 budget projects a decrease of \$1,841,114 (twenty-six percent). For a district this size, the State recommends available reserves of at least three percent of General Fund expenditures, transfers out, and other uses (total outgo).

Total long term obligations have decreased by \$1,809,000 over the past two years.

Average daily attendance has increased by 136 ADA over the past two years. No change in ADA is anticipated during fiscal year 2023-24.

**NOTE TO SUPPLEMENTARY INFORMATION**  
**JUNE 30, 2023**

---

**Schedule of Expenditures of Federal Awards**

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, as applicable.

There are no balances of loan or loan guarantee programs (“loans”) outstanding at the end of the audit period. The District has not elected to use the 10% de minimis cost rate.

**Schedule of ADA**

Displays ADA data for both the Second Period and Annual reports, by grade span and program as appropriate; and separately for each charter school, shows the total ADA and the ADA generated through classroom-based instruction by grade span, as appropriate; and if there are any ADA adjustments due to audit findings, displays additional columns for the Second Period and Annual reports reflecting the final ADA after audit finding adjustments, shown by grade span.

**Schedule of Instructional Time**

Displays, for school districts, including basic aid districts, data that show whether the district complied with article 8 (commencing with section 46200) of chapter 2 of part 26 of the Education Code; showing by grade level:

- 1) The number(s) of instructional minutes specified in Education Code section 46207(a);
- 2) For all districts, the instructional minutes offered during the year audited showing the school with the lowest number of minutes offered at each grade level;
- 3) For all districts, the number of instructional days offered during the year audited on the traditional calendar and on any multitrack year-round calendars; and whether the district complied with the instructional minutes and day’s provisions.
- 4) For charter schools, data that show whether the charter school complied with Education Code sections 47612 and 47612.5; showing by grade level the number(s) of instructional minutes specified in Education Code section 47612.5; the instructional minutes offered during the year audited showing the school location with the lowest number of minutes offered at each grade level; the number of instructional days offered during the year audited on the traditional calendar and on any multitrack calendars; and whether the charter school complied with the instructional minutes and days provisions.
- 5) For school districts and charter schools that received a Form J-13A approval, list the actual minutes and days in the instructional minutes and days offered columns, add columns that list the credited minutes and days per the approved Form J-13A and the total minutes and days offered, adding the actual offering to the amount of minutes and days credited per the approved Form J-13A. Include a footnote stating that the school district or charter school received an approved J-13A identifying number or days and minutes approved.

**Schedule of Financial Trends and Analysis**

Displays information regarding the auditee's financial position and going concern status, in the form of actual financial and attendance figures for at least the most recent three-year period (ending with the audit year), plus the current year's budget, for the following items: general fund financial activity, including total revenue, expenditures, and other sources and uses; general fund balance; available reserve balances (funds designated for economic uncertainty, and any other remaining undesignated fund balance) within the general fund or special reserve fund; available reserve balances expressed as a percentage of total general fund outgo (expenditures, transfers out, and other uses), including a comparison to the applicable state-recommended available reserve percentage; total long-term debt; and elementary and secondary second principal ADA; and, when the auditee's percentage of available reserves to total general fund outgo is below the state-recommended percentage, management's plans for increasing the auditee's available reserve percentage.

**Reconciliation of Annual Financial and Budget Report with Audited Financial Statements**

Displays the differences between the ending fund balance(s) from the audited financial statements and the unaudited ending fund balance(s) from the annual financial and budget report for each fund in which a variance occurred.

**Schedule of Charter Schools**

Listing all charter schools chartered by the school district or county office of education. For each charter school, include the charter school number and indicate whether or not the charter school is included in the school district or county office of education audit.

**Combining Statements – Non-Major Governmental Funds**

The Non-Major Governmental Funds Combining Balance Sheet and Combining Statement of Revenues, Expenditures, and Changes in Fund Balances is included to provide information regarding the individual funds that have been included in the Non-Major Governmental Funds column on the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances.

**Local Education Agency Organization Structure**

*LEA Organization Structure*, setting forth the following information, at a minimum:

- 1) The date on which the LEA was established, and for charter schools the date and granting authority of each charter;
- 2) The date and a general description of any change during the year audited in a school district's boundaries;
- 3) The numbers by type of schools in the LEA;
- 4) The names, titles, terms, and term expiration dates of all members of the governing board; and
- 5) The names, with their titles, of the superintendent, chief business official, and deputy/associate/assistant superintendents.

**This schedule is located in the front of the report.**

*OTHER INDEPENDENT AUDITOR'S REPORT*

---

---

<PAGE INTENTIONALLY LEFT BLANK.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Board of Trustees  
Plumas Lake Elementary School District  
Plumas Lake, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Plumas Lake Elementary School District as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise Plumas Lake Elementary School District's basic financial statements, and have issued our report thereon dated December 15, 2023.

***REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING***

In planning and performing our audit of the financial statements, we considered Plumas Lake Elementary School District's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Plumas Lake Elementary School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Plumas Lake Elementary School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

***REPORT ON COMPLIANCE AND OTHER MATTERS***

As part of obtaining reasonable assurance about whether Plumas Lake Elementary School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards*. The reported noncompliance are the audit adjustments with the amounts in the accompanying Reconciliation of Annual Financial and Budget Report with Audited Financial Statements.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

RT DENNIS  
ACCOUNTANCY

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

Board of Trustees  
Plumas Lake Elementary School District  
Plumas Lake, California

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM**

***Opinion on Each Major Federal Program***

We have audited Plumas Lake Elementary School District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Plumas Lake Elementary School District's major federal programs for the year ended June 30, 2023. Plumas Lake Elementary School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Plumas Lake Elementary School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Plumas Lake Elementary School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Plumas Lake Elementary School District's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Plumas Lake Elementary School District's federal programs.

RT DENNIS  
ACCOUNTANCY

## ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Plumas Lake Elementary School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Plumas Lake Elementary School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- ❖ Exercise professional judgment and maintain professional skepticism throughout the audit.
- ❖ Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Plumas Lake Elementary School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- ❖ Obtain an understanding of Plumas Lake Elementary School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Plumas Lake Elementary School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Board of Trustees  
Plumas Lake Elementary School District  
Plumas Lake, California

### ***REPORT ON STATE COMPLIANCE***

#### ***Opinion on State Compliance***

We have examined Plumas Lake Elementary School District's compliance with the 2021-22 *Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* ("the State Audit Guide"), prescribed by the *California Code of Regulation*, Title 5 §19810, et seq., applicable to Plumas Lake Elementary School District's state compliance requirements as listed on the next pages for the year ended June 30, 2023..

In our opinion, Plumas Lake Elementary School District complied, in all material respects, with the applicable programs from the State Audit Guide, as listed on the next page during the year-ended June 30, 2023.

#### ***Emphasis-of-Matter***

As a result of the American Institute of Certified Public Accountants' ("AICPA") issuance of Statement of Audit Standard No. 141, the State Controller's Office issued an illustrative example for the *Independent Auditor's Report on State Compliance*, which included a reference to internal control testing. However, the 2022-23 *Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* sites no requisite internal controls or an internal control framework Local Education Agencies ("LEA") are to follow. As such, it would be inappropriate for the auditor to test and express an opinion on internal controls as it would relate to state compliance. Therefore, the auditor follows AT-C Section 315, *Compliance Attestation*.

#### ***Basis for Opinion on State Compliance***

Our examination was conducted in accordance with attestation standards established by the AICPA. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether Plumas Lake Elementary School District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether Plumas Lake Elementary School District complied with the specified requirements.

#### ***Responsibilities of Management for State Compliance***

Management of Plumas Lake Elementary School District is responsible for the District's compliance with the specified requirements.

#### ***Auditor's Responsibilities for the Examination of State Compliance***

Our responsibility is to express an opinion on Plumas Lake Elementary School District's compliance with the specified requirements based on our examination. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on Plumas Lake Elementary School District's compliance with specified requirements.

RT DENNIS  
ACCOUNTANCY

In connection with the audit referred to on the previous page, we selected and tested transactions and records to determine the Plumas Lake Elementary School District's compliance with the following items:
